

Legislator Education Survey 2010

Response for: dougquelland@cox.net

Completed: 7/13/2010 - 6:12 PM EDT

1 In an effort to balance our state budget, legislators have recently reduced Arizona's K-12 and university/community school budgets by more than \$2 billion during the past two years. During this next session, legislators still need to address the structural budget deficit that remains. Which of the following best describes your approach to balancing the budget?

Answer

Enact further cuts to K-12 and higher education funding as they make up a large share of the overall budget.

Stabilize funding to education at existing levels until our economy recovers.

Find ways to recover the \$2.2 billion that was cut. Examine how state revenues are spent and whether the state collects enough revenue to meet its needs.

Comment: A higher percentage of the money for education must go into the classroom.

2 Do you support efforts to readdress Arizona's tax structure to alleviate the reliance on a fluctuating sales tax?

Answer

Yes

No

Comment: The so-called education finding formula must also be changed.

3 Arizona's current budget was devised using a series of cuts, borrowing, financial deferrals and the voter-approved temporary sales tax increase. Which of the following fiscal measures would you consider supporting this year? (Please check all that apply.)

Answer

An effort to close existing tax loopholes

Increase personal income tax
Enact a flat tax on corporate/individual income
Increase property tax
Eliminate tax credits (please specify)
Expand the sales tax to services
<input checked="" type="checkbox"/> End tax exempt status for mining, etc.
<input checked="" type="checkbox"/> Simplify the state tax code
Corporate tax cuts
<input checked="" type="checkbox"/> Ensure corporate tax parity (large companies to pay same share as small businesses; tax exemption via out-of-state holding companies prohibited, etc.)
I think the only effective budget solution would be to introduce further tax cuts.
<input checked="" type="checkbox"/> I think our current tax structure is adequate and we just need to wait until the economy rebounds.
Other

Comment: Further cuts to education would be unwise and crippling to the teaching profession.

4 A number of national surveys rank Arizona among the last in K-12 per-pupil funding. Arizona invests \$61 less per student than it did more than 20 years ago, according to the American Legislative Exchange Council. What do you think of this level of investment?

Answer
Arizona spends too much on K-12 education. We need to enact further cuts.
This is an adequate level of investment. I do not think we need to invest more in K-12 funding.
<input checked="" type="checkbox"/> Although I do not think this funding is adequate, I do not think we can increase funding for K-12 education at this time.
It is embarrassing to be among the last in the nation in K-12 education funding. As a legislator, I will work this fiscal year (2010-2011) to increase funding for K-12 public schools.

Comment: But no further cuts.

5 Each year, more than \$60 million in Arizona taxpayer dollars are directed to School Tuition Organizations (STOs) for private school tuition through the tax credit program. What do you think about the current private school tax credit program? (Please check all that apply.)

Answer
More tax dollars should be allocated to expand the private school tuition program.
<input checked="" type="checkbox"/> The private school tuition program should be maintained as-is.
The amount of tax dollars allocated to the private school tuition tax credit program should be reduced.
The private school tax credit program should be repealed.

- The 10% processing fee that STOs are allowed to keep from donations for expenses should be reduced to a lower percentage. (Processing fees in Florida are capped at 3%.)
- There should be income limits on the families who benefit from the private school tax credit program. The original intent of the program was to provide access to private schools for poor children.
- I think any Arizona family should be able to take advantage of the tax-funded tuition benefits.
- I don't believe we should be using tax dollars for private school tuition assistance.

Comment: An expansion at this time would be unwise. We must have a wait and see attitude until the economy turns around.

6 Do you believe reform is needed in our public education system? If so, which reforms do you support? (Please check all that apply.)

- | Answer |
|---|
| <input type="checkbox"/> No, reform is not needed. |
| <input type="checkbox"/> Yes, reform is needed. |
| <input type="checkbox"/> Yes, reform is needed but we need to establish adequate funding first. |
| <input type="checkbox"/> I support the participation in a national standards program, i.e. NAEP. |
| <input type="checkbox"/> I support increased charter school funding. |
| <input type="checkbox"/> I support more teacher accountability. |
| <input type="checkbox"/> I support the Common Core Standards created by the National Governors' Association and the state superintendents of education. |
| <input type="checkbox"/> I support linking teacher pay to student test scores. |
| <input type="checkbox"/> I support moving quickly to shut down failing schools. |
| <input type="checkbox"/> I support creating more charter schools. |
| <input checked="" type="checkbox"/> I support restructuring the "equalized funding" formula |

Comment: I believe this is the best choice.

7 Some argue that we should move away from traditional public schools and transition to a system with more students attending state funded, privately-run charter schools and private schools with the aid of tax credits and/or vouchers. Do you support this plan?

- | Answer |
|--|
| <input type="checkbox"/> Yes |
| <input checked="" type="checkbox"/> No |

Comment: My children all went to public schools and all my grand children do also. School education directions should still be at the local level and reflect the local community's character.

8 This year, legislators referred to voters a ballot measure to repeal First Things First, an early childhood education program with a dedicated funding source approved by voters in 2006. What do you support?

Answer
First Things First funding should be repealed.
<input checked="" type="checkbox"/> First Things First funding should be maintained in accordance with the original voter mandate.
Comment: Maintained but the funding source should not be unmandated.

9 Arizona currently has some of the largest K-12 classroom sizes in the nation. Please check the statements you agree with below. (Please check all that apply.)

Answer
Classroom size isn't a crucial factor for student success--many other factors are much more important and we should focus our priorities elsewhere.
I think it would be more efficient if we increased classroom size along with teacher pay. This would attract better teachers and decrease the cost of running the school.
I think classroom size is an important factor for student success, but I don't think we can currently afford to increase funding to pay for the additional teachers and/or school facilities.
<input checked="" type="checkbox"/> Classroom size is one of the most important factors for student success--we should be working to reduce class size as one of our top priorities.
If parents believe that classroom size is important for their child, they should consider enrolling their children in a private school with a classroom enrollment cap.

Comment: As a former teacher and with my wife and two daughters still teachers, I do not like the ever increasing size of their classes.

10 Arizona has one of the highest high school drop-out rates in the country. In the last budget, all state aid for adult GED (General Education Diploma) funding was eliminated. Please check the statement you agree with below.

Answer
GEDs should be funded by individuals.
The state should provide funding for GED programs.
<input checked="" type="checkbox"/> I will work to restore funding for adult GED services.

Comment: Surely it is not an all or nothing debate.

11 The Arizona Constitution has many sections impacting the state budget and education. If elected, which of the following articles do you most identify with? (Please check all that apply.)

Answer
<input checked="" type="checkbox"/> The legislature shall provide by law for an annual tax sufficient, with other sources of revenue, to defray the necessary ordinary expenses of the state for each fiscal year. (Article IX, Section 3)
<input checked="" type="checkbox"/> No tax shall be laid or appropriation of public money made in aid of any church, or private or sectarian school, or any public service corporation. (Article IX, Section 10)
<input checked="" type="checkbox"/> The university and all other state educational institutions shall be open to students of both sexes, and the instruction shall be nearly as free as possible. (Article XI, Section 6: paragraph one)
<input checked="" type="checkbox"/> The legislature shall make appropriations, to be met by taxation, as shall insure the proper maintenance of all state educational institutions & shall make such special appropriations as shall provide for their development & improvement. (Article XI, Sec10)

Comment: I have always been a constitutionalist. If it's in our constitution then it must be met.

12 If you have children, what type of school(s) did they/do they attend? (Please check all that apply.)

Answer
<input checked="" type="checkbox"/> Traditional Public School
<input type="checkbox"/> Charter School
<input type="checkbox"/> Private School
<input type="checkbox"/> Home School
<input checked="" type="checkbox"/> University/Community College/Higher Education
<input type="checkbox"/> N/A I have no children.

Comment: All three went to Ironwood Elementary (Washington Elementary S.D.), Desert Foothills Jr. High (Washington Elementary S.D.) and Greenway H.S.(Glendale Union High S.D.). My wife Donna teaches at Paseo Verde Elentary (Peoria Unified S.D.) and my daughter Gerry teaches at Landmark Elentary (Glendale Elenentary S.D.). My other daughter Deanna teaches in the state of Wasington fifth grade.
